

*To start off the 2016 season we are pleased to offer handcrafted cedar planters to our clients. Planters are offered in both Northern White Cedar, harvested from the forests of Vermont or Western Red Cedar. We build them in our shop in Colchester during the winter months. The sleek tapered design will be a great accent to your outdoor living space!*

**Our planters offer the following features:**

- All cedar construction, you can expect your planters to last up to 10 years without major rot
- Every planter is stained to extend the life time even further
- Spaces in sides and bottom allow for proper drainage
- The price of each planter includes delivery to client's house, potting soil and a summer annual flower arrangement.
- For an additional fee, fall and winter arrangement can be provided as well

**Placing an order-** Fill out the form below and returning it to us with your check, ACH, or credit card information. Please find planter models and features on back of this form
